Business Operations | Data Analytics | Software Engineering | Design | Project Management

Summary

As an ambitious individual passionate about learning, I am currently pursuing education to make a career change and explore different opportunities within the tech industry. My focus has been on obtaining certifications in Business Intelligence, Front-End and Back-End Development, Data Analytics, Design, and Project Management. Along the way, I have honed my skills in programs such as Tableau, R Studio, Visual Studio Code, and the Affinity Design Suite. I am also working to be proficient in programming languages such as Javascript, SQL, R, Python, HTML, and CSS. As a curious and driven learner, I am committed to seeking out new information and experiences to stay up to date with industry trends and expand my skill set.

Skills

Full-Stack Web & App Development | Systems Analysis | Business Analysis | Operation Analysis | Judgment and Decision Making | Complex Problem Solving | Business Development | Information Gathering | Product Management | Data Cleaning | Thorough Investigations | Operational Process Management | System Creation | Data Visualization

Education

Merit America • Virtual

June 2023

Google Data Analytics Certificate (Expected June 2023)

- Cultivated skills in the **collection, transformation, organization, and visualization** of data in order to draw conclusions, make predictions, and drive informed decision-making
- Completed **hands-on labs** and a **capstone project** (case study) to master the art and science of asking questions, preparing, processing, analyzing, visualizing, and acting on data as encountered in real-world scenarios

Codecademy • Virtual

August 2023

Full-Stack Engineer Certificate (Expected August 2023)

- Studied to build interactive and responsive web and mobile applications, one needs sophisticated skills in web design, JavaScript troubleshooting, React component creation, and back-end to front-end database connections.
- Hands-on labs and a capstone project were completed to learn about accessibility, challenges, and issues encountered in real-world scenarios.

Experience

Service Technician • TICO (Terminal Investment Corporation), Savannah, GA

03/2021 - 11/2021

- Managed a fleet of 50+ jockey trucks at Georgia Port Authority's primary ports by identifying and documenting damages, accidents, and mechanical issues to supervisors while working closely with longshoremen to process information, troubleshoot issues, and handle various administrative tasks.
- Assisted in training, coaching, and evaluating new employees, ensuring a smooth onboarding process and effective development of their skills.

Security Officer • Allied Universal, Savannah, Ga

08/2020- 03/2021

- Consolidated invoices, transportation bills, and container records for a fleet of 12+ tractor-trailer trucks during 8+ hour overnight shifts, meticulously checking for validity to ensure smooth and efficient operations at Georgia Port Authority.
- Collaborated effectively with coworkers and supervisors by maintaining constant communication and reporting information, playing a pivotal role in organizing, planning, and analyzing data essential for consistent operations.
